

RUBBER / NBR · 12MM · DIAMOND SURFACE · OIL RESISTANT

Oil-Safe Anti-Fatigue Mat

RANGE Individual Workstation Mat

A heavy-duty rubber anti-fatigue mat that gives standing operatives a comfortable surface on production lines and benches. Resistant to oil and grease, it suits food production and catering areas, while the diamond surface adds underfoot grip.

BLACK · DIAMOND TEXTURED SURFACE

FEATURES & BENEFITS

- ◆ Heavy-duty rubber provides a comfortable standing surface for operatives on production lines and benches.
- ◆ Resistant to oil and grease – ideal for food production areas and any catering business.
- ◆ Diamond-patterned surface provides underfoot grip and is slip tested to DIN 51130 (R10).
- ◆ Hardwearing rubber ensures a long life in normal use and suits high-temperature environments.
- ◆ Supplied as an individual workstation tile – ideal for a single standing position at a bench or machine.

SIZES & WEIGHTS

Individual workstation tile

SIZE	FORMAT	WEIGHT
70cm × 80cm	Mat	4.2 kg

PRODUCT INFORMATION

COLOUR	Black	PART NUMBER	12445/Black
MATERIAL	Natural rubber / NBR (17% recycled)	SURFACE FINISH	Diamond pattern
THICKNESS	12 mm	TEMPERATURE RANGE	-20°C to +50°C
SLIP RESISTANCE	DIN 51130, R10	ENVIRONMENT	Wet or dry indoor
UV RESISTANCE	Yes	CHEMICAL RESISTANCE	Limited oil / fat resistance
TENSILE STRENGTH	3 MPa	ELONGATION	250%
INSTALLATION	Loose lay	CLEANING	Pressure hose
MANUFACTURE	Compression moulding	PRODUCT TYPE	Anti-Fatigue Mat
